

Two Day Past Life Workshop

Release your intuitive abilities by creating a past life “self-portrait”

Are you an “old soul”? Join Kathleen at her home in Washougal for an educational and fun experience – exploring past lives through the medium of tie dye.

**Friday, September 25, 6 pm – 9 pm
Saturday, September 26, 11 am – 3 pm**

\$99 per person

Hors d’oeuvres served on Friday. Catered brunch served on Saturday.

There are many windows to receive insight into our past lives. One window is visual – feelings, memories, and experiences have color. Through the medium of tie dye your life energy will create images to stimulate your subconscious memory.

All materials for this 2 day workshop are supplied. You will receive:

- **Three tie dye tapestries of your own creation. One will be mounted on a 16” X 20” frame.**
- **A taped interpretation of one tapestry of your choosing; discover/recover your past lives. The interpretation will be done as a group, facilitated by Kathleen.**
- **A fun and educational experience with like-minded people. Get in touch with your own intuitive abilities as you help others understand theirs – all in a compassionate setting.**

On Friday, Kathleen will show you different tie dye techniques. You will then create 3 tapestries of your own, which will set overnight. You are welcome to stay later and share ghost stories.

On Saturday your tapestries will be ready – you pick one to be interpreted in the group.
